# A Glossary Of Plastics Terminology In 5 Languages English Deutsch Francais Espanol Italian

**plastic injection molding glossary - apisolution** - glossary of plastic injection molding terms abrasion resistance: the ability of a material to withstand mechanical actions such as rubbing, scraping, or erosion, that tend progressively to remove material from its surface. **glossary of terms used in plastic injection mold manufacturing** - glossary of terms used in plastic injection mold manufacturing prepared by romold, inc. page 1 romold manufacturer of plastic injection molds 585-529-4440 acceptable runner/cavity ratio: runner systems designed for high pressure drops to minimize material usage and increase frictional heating in the runner. annealing: the process of relieving internal stresses of molded plastic ... **glossary - plastics pipe institute** - 586 glossary berm - the space between the toe of a slope and excavation made for bedding - the earth or other material on which a pipe or conduit is supported. **wrap - understanding plastic packaging** - glossary 9 references 10 the way a plastic is designed to behave alongside what material it's made from, affects what it can be used for as well as how it can be recycled and disposed of at the end of its life. with plastics top of the sustainability agenda many companies are looking at alternatives to conventional plastic typically used for packaging applications. however, there is ... **glossary for plastics in marineenvr - cosee** - an abbreviated glossary for plastics in the marine environment bio-based product - a product (other than food or feed) that is produced from **glossary of injection molding terms - decatur mold** - glossary of injection molding terms decatur mold c b d in most industries, a specialized vocabulary has developed over time to facilitate clear discussion of the unique equipment and processes involved. the injection molding industry is no exception; many specialized terms are used to differentiate types of equipment, parts, and processes. some injection molding terminology is common to ... **glossary of industry terms - synrad** - glossary of industry terms . ablation removal of a layer of material via laser processing. because co2 wavelengths are absorbed more efficiently by certain materials (plastics especially), they can be used to selectively remove one material from the surface of another—a process known as ablation. this can include removing plastic coatings, ink, paint, or thin films from other substrates ... **sect 1 glossary of thermoset molding terms - plenco** - page 1 of 3 plastics engineering company sheboygan, wisconsin 53082-0758 u.s.a 3518 lakeshore road post office box 758 phone 920 - 458 - 2121 **glossary of wood and woodworking terms** - impregnation with thermosetting plastics - for example amino-resins or phenolic resins - is often applied to very thin veneers that are built up into laminated wood but not to solid wood. interlocking joint interlocking is a way of jointing timber. each piece is cut to fit against or into another to prevent displacement and to transfer forces. the joint must either be in compression or pinned ... **heating value of non-recycled waste plastics** - 2 determining a more accurate heating value of non-recycled plastics (nrp) background mechanical recycling of post-use plastics into new products can conserve resources and reduce energy **9 glossary of waste & recycling terms and acronyms** - waste authorit y wa... too good waste glossary of waste & recycling 9 terms and acronyms the glossary of terms and acronyms provided here is intended for use specifically with the annual local **oecd global forum on environment** - plastics are not only a cost-effective, but above all also a very resource-efficient material as the products generally save more than double the amount of energy used to manufacture them. this saving effect has been demonstrated in numerous lcas.
